MENARA MILENIUM

Menara Milenium is a 25-story, premium office building in Kuala Lumpur's Damansara Heights, completed in 2000 by Selangor Properties Berhad. It's known for its unique postmodernist architecture, contemporary Art Deco-inspired interiors, and as a prestigious corporate address for major tenants like Ernst & Young and HSBC. The building features over 555,000 sq. ft. of net lettable area, excellent connectivity to transport networks including nearby MRT stations, and proximity to amenities like the Pavillion Damansara Heights Mall

中環地標配滿月照

香港攝影師
奪世界級冠軍

37.1K 109 266

來自全球 50 多個國家或地區、超過 2,600 位攝影師參加的第七屆 Minimalist Photography Awards (簡約主義攝影獎) 已經揭曉。比賽結果再一次印證,「簡約」不代表單調,反而 "Less is More" 能在減法中呈現最純粹的視覺衝擊,而來自香港的攝影師 William Shum 以中環著名的怡和大廈,再配上一個滿月,奪得夜景組別的冠軍!

今年比賽共設有 12 個分類,涵蓋概念攝影、建築、風景、人像、街頭、抽象、黑白等不同範疇。比賽總冠軍由 Alexandros Othonos 獲得,他憑藉《記憶的線索》(Threads of Memory's) 贏走 €2,000 獎金。這系列作品將老舊的家庭相片以縫線重新連結,象徵記憶與當下的交織,把懷舊元素轉化為當代極簡的視覺語言,而《記憶的線索》同時亦是「概念組」冠軍。

比賽創辦人 Milad Safabakhsh 指出,今年作品總數突破 7,000 張,反映在 AI 正急速滲入創意領域之際,攝影依然展現旺盛生命力。簡約主義攝影已不只是風格,而是當代視覺語言之一。評審之一,來自 Galerie am Lindenplatz 藝術總監 Leon Boch 則形容:「今年參賽作品的水準令人驚喜。無論是乾淨的構圖、微妙的細節,還是以減法突顯的意念,都展現出強大的表達力。每張相片都有鮮明個性,帶來新的視角。」

至於香港攝影師 William Shum 的夜景組別冠軍得獎作品名為 "Window in the Sky", 攝影師以 1973 年落成的怡和大廈作點綴,而怡和大廈那 1,784 個圓形的「月洞門」窗戶向來是大廈的一大建築特色,利用已開燈的辦公室之窗戶與明亮的滿月作出「互動」,甚為難得。拍攝滿月本來要天公造美,而且以望遠鏡頭拍攝月亮,月亮在畫面上的「移動」速度頗快,惟這張相片內的月亮在畫面出現的軌跡與「月洞門」窗戶位置吻合,可見 William 在構思和拍攝前做了不少功夫。小編看到 William 的作品時,忽然聯想起兒時玩過的「四子棋」(Connect Four),不知與這與 William 的創作有沒有關係呢?

JARDINE HOUSE

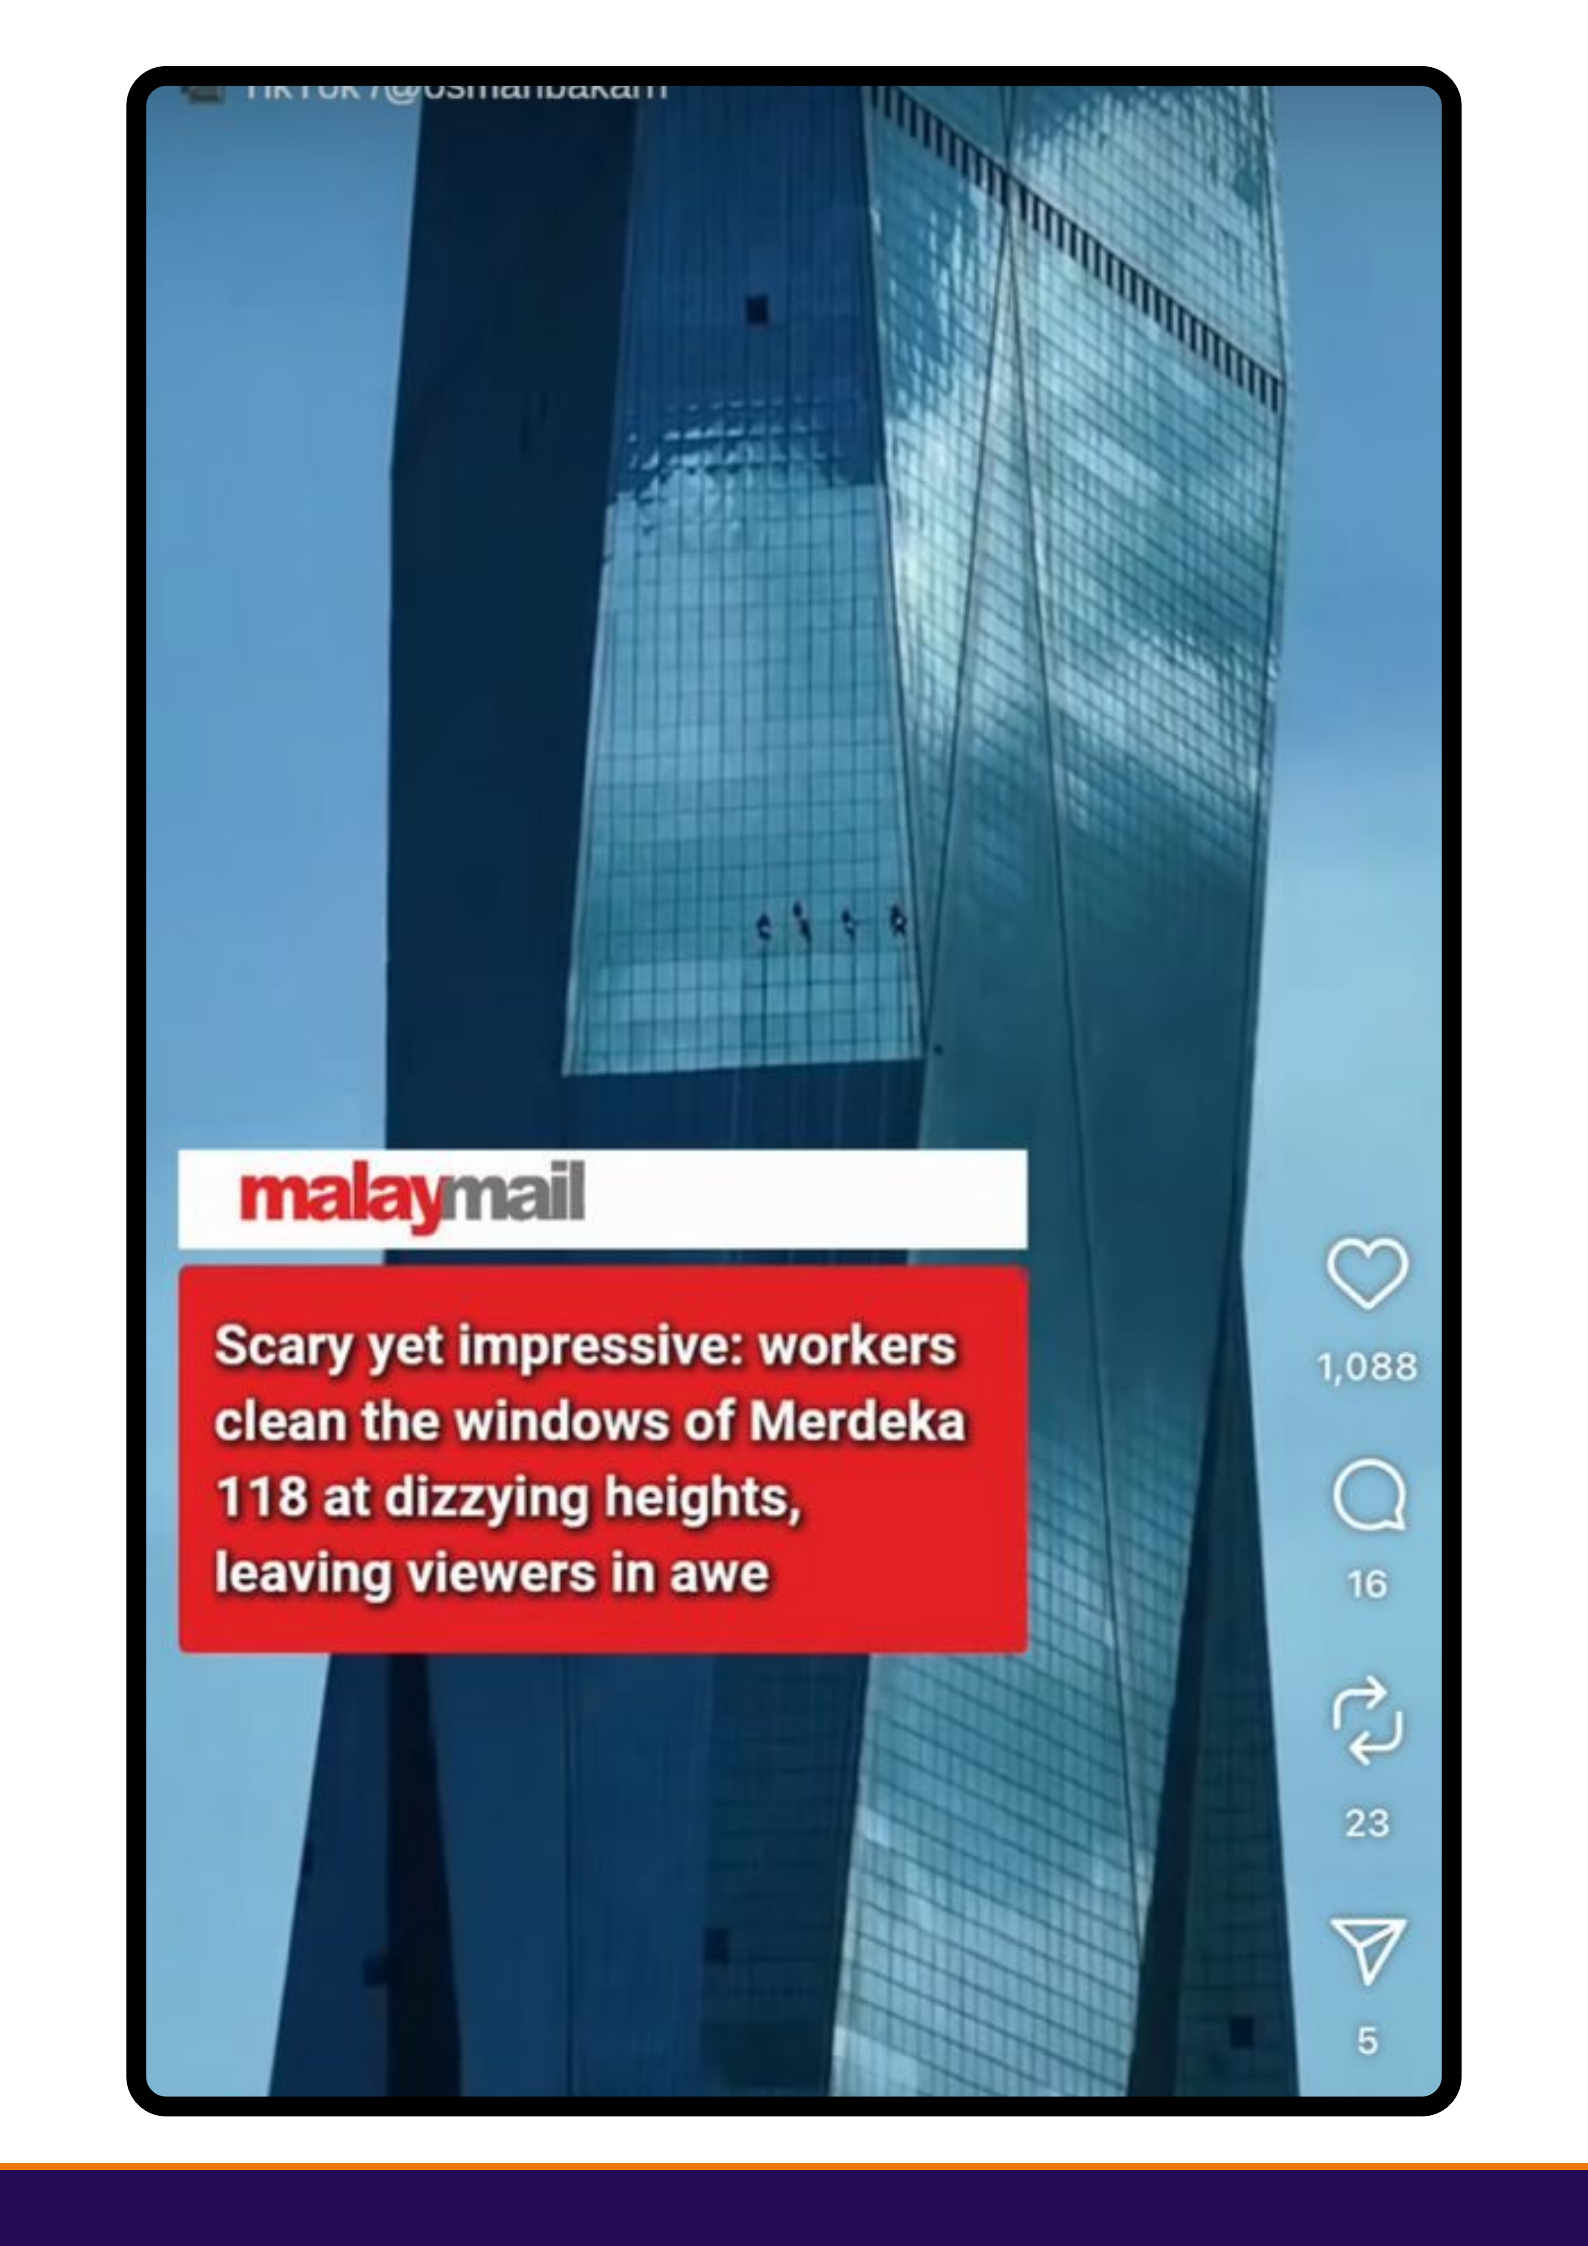

Dancing of Gondolas

DESCRIPTION:

The innovative architecture of Jardine House in Hong Kong is recognized for its iconic facade featuring circular windows. The image captures gondolas used for maintenance, highlighting the building's scale and the challenges of urban upkeep. Jardine House reflects a commitment to sustainability, incorporating energy-efficient materials and practices that minimize environmental impact. The smooth exterior and rhythmic arrangement of the windows create a visually captivating composition, merging style with functionality. This architectural marvel stands as a model for sustainable building practices in the vibrant urban landscape of Hong Kong.
